Dear Siggie — (or Sigggy)

Thought you would want to know —
I am enjoying your music — It is working
very well for the dance — and I am
amazed and gratified that you were
able to do it so well with such
limited consultation. I admire & appreciate
your talent — and thank you for your
help — or rather — the music's help in
doing my choreography —

We would be pleased if you would
attend the service to see the completed work —

It is Friday eve — May 12 — at 8:15 —
Services should end by 9:30 — If you
come — I'd like to know what you think of
the effectiveness of the combination of music —
words + movement — to communicate the idea —

Sincerely —

Grinka Cohn
